

Box of Frogs
Event Childcare

At Box of Frogs, our aim is to ensure that your 'Big Day' is as memorable for your littlest guests as it is for the grown-ups. We are able to offer a **full crèche** at your venue, provide **private nannies** to support individual families, or set-up one of our beautiful '**boho bell tents**' in the grounds of your venue. We can even help to keep the party going late into the night for the parents at your wedding, with our on or off-site **babysitting service**.

Whether we'll be hunting for fairies, making glow-worm jam jars, or designing photo albums using the snaps taken at your wedding by the children, our bespoke wedding packages are tailored to you!

www.boxoffrogschildcare.com

Our mobile wedding crèche service ensures that we are never more than a few moments away from the action, and are on hand throughout the day to take charge of your 'little ones' as and when we are required. We can provide childcare throughout all parts of the day, or can take charge of children just at those times when they're not needed to look 'cute' in the photos, or expected to slide on their knees at the disco!

Our Services

Crèche

Our childcare professionals can transform any space at your venue into a wonderful crèche. Games, activities and resources are hand-selected to suit the ages and interests of your guests.

Crèche prices start from just £250.

Nannies

Whether you are booking a nanny for your own children, or seeking childcare for one of your guests, you can rest assured that all 'Box of Frogs' nannies are fully checked, fully qualified, and fully insured.

Nannies start from as little as £90 per booking.

Babysitting

Our babysitting service has proved extremely popular, with brides & grooms, the wedding party, and guests alike all taking advantage. Whether you would like a sitter to take children back to hotel rooms so that the adults can continue to party late into the night, or simply need a sitter for the duration of the celebration, we are happy to help.

Boho Bell Tents

Our beautiful boho bell tents offer a wonderful addition to your wedding celebrations when a spare room inside is unavailable. Using decorations to match your own colour-schemes, we will transform our tent into a beautiful crèche for the kids to take full advantage of. Children love the fun and quirky setting designed specifically for them!

Snap Happy

Why let a professional photographer have all of the fun at a wedding, when the kids want to get in on the action too? New to 'Box of Frogs' this year, 'Snap Happy' sees children at our crèche take on the role behind the lens using our child-friendly digital cameras. At the end of your big day, you will be presented with a USB stick and photo album of all of the images of your wedding from a child's-eye view.

Box of Frogs
Event Childcare

One thing that we do better than most at Box of Frogs is chat! We'd love to hear from you to discuss your ideas, needs and wedding plans. If you're considering using a mobile crèche at your special day, then please do give us a call and see how 'Box of Frogs' can help you!
